

Meeting: OGHS Athletic Booster Club

Date: Monday, November 19, 2018

Location: OGHS Media Center

Chairperson: Mr. Kip Childress, President

Review of Agenda-Kip Childress

A detailed treasury report was provided by Judy Vaughn.

Concession stand update: Winter sports concession stand schedule is now available. There have been games when we have only been able to sell drinks and candy due to limited volunteers. We encourage folks to please visit our website at www.oakgrovegrizzlies.com and sign up to help! The money we make from concessions generates the most revenue for our booster club & student-athletes. As our revenue grows, we would like to explore the idea of reaching out to individual teams to work concessions and in return, give a certain percentage of the proceeds to those teams.

Construction for softball/ baseball dugouts is scheduled to begin after Thanksgiving. The original concrete slabs did not pass inspection so new plans had to be drawn and approved. While this was a slight set back, we are now able to include storage space and a press box. It should take two months to complete construction. Our first home baseball game is scheduled for March 1st.

Our fall athletic awards banquet went very well. We will do the same for winter and spring sports. Announcements will be made once dates are finalized.

Our next meeting will be Monday, December 17th starting at 6:00 in the media center.
